Dear MEP Andersson,

Congratulations on your election as Chair of the European Parliament's Committee on Employment and Social Affairs. We look forward to the opportunity to work with you, and other Committee members, during this five-year mandate.

Amazon has been active in the European Union since 1998 and we have invested more than €150 billion since 2010, including ongoing investments to ensure that our workplaces are safe and modern. We currently employ more than 150,000 people in the EU and are proud to offer competitive pay and comprehensive benefits, including medical coverage, a retirement fund and paid parental leave.

As part of our operations in the European Union, we value constructive engagement with the European Parliament and the Committee on Employment and Social Affairs. With this in mind I would like to reiterate our desire to support the Committee's work, and to renew our invitation for Committee members to visit an Amazon facility so that you can see our operations first-hand and meet employees. I would be pleased to work with you and the Committee to identify an appropriate facility and date for such a visit, and we would be glad to welcome you soon, for example during a European Parliament 'Green Week' or on another convenient date.

We would also like to express our continued willingness to meet with you and other Committee members in a different format, should the Committee express that preference.

Once again, we look forward to working with you and to supporting the Committee's work.

Yours sincerely,
