Motion for a resolution

14. Stresses the strategic role of fisheries and aquaculture and the need for them to ***be adequately supported financially; acknowledges*** that the ***common fisheries policy ensures*** a stable income and long-term future for fishers ***by contributing to protecting sustainable marine ecosystems, which are key*** to the ***sector's competitiveness***; insists that special attention must be ***devoted*** to the EU's fishing fleet in order to improve safety and security, including by combating illegal fishery actions and improving working conditions, energy efficiency and sustainability, as well as ***by renewing*** the fleet; reaffirms that the European Maritime, Fisheries and Aquaculture Fund should support a human resources policy capable of addressing future challenges, in order to promote an inclusive, diversified and sustainable blue economy; expresses its concern about the effect of the end of the Brexit transition period in June 2026 on the fishing and aquaculture sectors;

Amendment

14. ***Criticises the cuts to EMFAF allocations in the 2025 budget; stresses*** the strategic role of fisheries and aquaculture and the need for them to ***receive adequate financial support; calls for the 2026 budget to compensate for the cuts made in 2025 and to increase the allocations in the EMFAF to enable the fisheries sector to address, in an ambitious and practical way, the increase in production costs faced by fisheries, in particular small-scale, artisanal and coastal fisheries; believes*** that the ***EMFAF should help ensure*** a stable income and long-term future for fishers, ***help establish compensation and support mechanisms for fishers in the light of the instability of the profession, help support an integrated maritime policy, while protecting the outermost regions' role and particular characteristics and contributing to the protection of sustainable marine ecosystems***; insists that special attention must be ***given*** to the EU's fishing fleet in order to improve safety and security, including by combating illegal fishery actions and improving working conditions, energy efficiency and sustainability, as well as ***to renew*** the fleet; reaffirms that the European Maritime Fisheries and Aquaculture Fund (***EMFAF***) should support a human resources policy capable of addressing future challenges, in order to

Paragraph 12

Motion for a resolution

12. Recalls the vital role that the Integrated Border Management Fund, the Border Management and Visa Instrument (BMVI) and the Asylum, Migration and Integration Fund play in protecting external borders; calls, in addition, for **appropriate** funding for border protection capabilities, including physical infrastructure, buildings, equipment, systems and services required at border crossing points, as provided for in Annex III to the BMVI Regulation²¹, and for the requirements to be met in terms of reception conditions, integration, return and readmission procedure; reaffirms that cooperation agreements with non-EU countries in full respect of international law can help to prevent irregular migration and strengthen border security;

²¹ Regulation (EU) 2021/1148 of the European Parliament and of the Council of 7 July 2021 establishing, as part of the Integrated Border Management Fund, the Instrument for Financial Support for Border Management and Visa Policy, OJ L 251, 15.7.2021, p. 48, ELI: <http://data.europa.eu/eli/reg/2021/1148/oj>.

Amendment

12. Recalls the vital role that the Integrated Border Management Fund, the Border Management and Visa Instrument (BMVI) and the Asylum, Migration and Integration Fund play in protecting external borders; calls, in addition, for **adequate** funding for border protection capabilities **as an essential part of a comprehensive migration policy**, including physical infrastructure, buildings, equipment, systems and services required at border crossing points, as provided for in Annex III to the BMVI Regulation²¹, and for the requirements to be met in terms of reception conditions, integration, return and readmission procedure; reaffirms that cooperation agreements **on migration and asylum management** with non-EU countries in full respect of international law can help to prevent **and counter** irregular migration and strengthen border security;

Amendment

13a. Is deeply concerned about the association agreement between the EU and Mercosur, which will facilitate the massive import of low-cost agricultural products that do not comply with the strict environmental, social and health standards imposed on European producers; regrets the Commission's commitment to allocate EUR 1.8 billion to support Mercosur countries, while European farmers will be negatively impacted by the trade agreement that will increase unfair competition;

Paragraph 25 e (new)

Motion for a resolution

Amendment

25e. Underlines that the salaries and benefits of the highest-ranking EU officials, such as heads of directorates, are very generous, often exceeding EUR 250 000 annually; is concerned that these disproportionately high salaries distance them from the everyday lives, needs, and struggles of citizens; stresses that such remuneration does not effectively prevent corruption, as some EU officials have already been implicated in past corruption scandals, such as Qatargate;
