Dear Minister,

We would already like to thank the Polish Presidency for the efforts that you have made to relaunch the negotiations on Regulation 883/04.

Compromises have provisionally been reached on most of the pending issues. In particular, and as per the joint employers' statement of 12 March 2025 (attached), we welcome the solution found on an exemption from prior notification for business trips and short-duration postings (up to 3 days). We are confident that a feasible compromise is also at reach on the issue of pluri-activity.

The stakes are high on this file, which is fundamental to facilitating the movement of workers and the provision of services in the EU. Therefore, we further call on you to make every effort until the last day of your Presidency to reach a compromise by organising a final tripartite meeting to conclude this revision.

Yours sincerely,

Markus J. Beyrer
