SECTION III – HEADING 6

Budget line 14 02 01 10 – Southern Neighbourhood

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

SECTION III – HEADING 6

Budget line 14 02 01 20 – West Africa

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

Justification:

Following the redeployments of the MFF mid-term revision, the Geographic programmes for Sub Saharan Africa have been reduced over the period 2024-2027. Both the NDICI cushion and the margin of Heading 6 should be mobilised to ensure that the minimum amounts are attained.

SECTION III – HEADING 6

Budget line 14 02 01 22 – Southern Africa and Indian Ocean

Type of amendment (EP note): Below DB (CA)

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 01 22	549 447 744				467 030 582	
<i>Difference</i>	- 82 417 162					

Justification:

The region is overall characterized by persistently high corruption, and especially in the Republic of South Africa, the indigenous minority of the Boers is subject to state persecution and harassment due to their European ancestry. Reducing payments to the region by 15% is an appropriate response to these grievances.

Amendment DEVE/12

SECTION III – HEADING 6

Budget line 14 02 02 11 – Fundamental rights and freedoms — Human Rights and Democracy

Type of amendment (EP note): Below DB

Justification:

15% of appropriation is to be rechanneled to support access to quality education, as a universal right, that contributes to democratisation and responsible citizenship.

Amendment DEVE/13

Tabled by Carla Tavares; Udo Bullmann; Charles Goerens, rapporteur; Erik Marquardt

SECTION III – HEADING 6

Budget line 14 02 02 11 – Fundamental rights and freedoms - Human rights and Democracy

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 02 11	115 349 146				120 000 000	
<i>Difference</i>	<i>+ 4 650 854</i>					

Justification:

In an increasingly volatile geopolitical environment, Parliament has consistently called for increased financial support to human rights organisations to tackle rising discrimination, inequality, human rights violations, repression of free expression, and the persecution of human rights defenders. This reinforcement seeks to strengthen EU

cooperation and partnership with civil society in promoting human rights and democracy—particularly for vulnerable groups in fragile and sensitive contexts.

Amendment DEVE/14
Tabled by Marc Jongen

SECTION III – HEADING 6
Budget line 14 02 02 20 – Civil Society Organisations

Type of amendment (EP note): Delete line

Justification:

The funding of so-called civil society organizations must be fundamentally reconsidered, as it carries the risk of handing over taxpayers' money to interest groups that run campaigns against the will of the majority. This bypasses official democratic processes, fosters corruption, and ultimately undermines democracy itself. Therefore, the funding of these organizations should be completely abolished.

Amendment DEVE/15
Tabled by György Hölvényi

SECTION III – HEADING 6

Justification:

15% decrease of appropriation for CSOs to increase efficiency and impact of EU development cooperation. Rechannel funds to critical investments in education.

SECTION III – HEADING 6

14 02 02 20	157 822 269	0		0	149 931 156	
<i>Difference</i>	<i>- 7 891 113</i>					

Remarks:
Amend as follows

Justification:

The EU is currently facing unprecedented challenges, including migration pressures, a changing geopolitical landscape, security concerns, and a lack of economic competitiveness. As a result, budgetary restraint in external spending is necessary to safeguard internal stability, support economic growth, and maintain public confidence in the Union’s overall policy direction. While civil society remains an important pillar of democratic development and governance promotion, EU funding for CSOs is not always sufficiently targeted, efficient, or results-oriented.

Amendment DEVE/17
Tabled by Mimmo Lucano

SECTION III – HEADING 6
Budget line 14 02 02 20 – Civil Society Organisation

Type of amendment (EP note): Above DB / Remarks

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 02 20	157 822 269	198 000 000			167 822 269	208 000 000
<i>Difference</i>	<i>+ 10 000 000</i>	<i>+ 10 000 000</i>				

Remarks:
Add the following
10 millions more should be added in order to ensure that EU cooperation reinforces the work of the civil society organisations, human rights defenders and journalists given the

shrinking space for civil society in many countries. In particular, a special focus will be needed to strengthen the organisations working on sexual and reproductive rights, as well as with the LGBTIQ+ population to promote gender-sensitive protection measures.

Justification:

In many countries, civil society and journalists are under pressure. State authorities are increasingly taking systematic measures (with the support of the judiciary or by passing laws) that increasingly threaten freedom and that focus especially on NGOs' access to funding, registration requirements and control of organizations' activities or freedom of assembly. The EU must guarantee freedom of association and freedom of expression.

Amendment DEVE/18

Tabled by Carla Tavares; Udo Bullmann; Charles Goerens, rapporteur; Erik Marquardt

SECTION III – HEADING 6

Budget line 14 02 02 20 – Civil Society Organisations

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 02 20	157 822 269				162 822 269	
<i>Difference</i>	<i>+ 5 000 000</i>					

Justification:

The increase should strengthen an inclusive, participatory, and empowered civil society in partner countries—especially where civic freedoms are under threat, such as in fragile contexts. Non-governmental organizations (NGOs) and civil society organizations (CSOs) play a vital role in these regions and in the implementation of EU projects: they maintain engagement with local communities, address the needs of vulnerable populations, and uphold good governance in the face of rising authoritarianism.

SECTION III – HEADING 6

Budget line 14 02 02 40 – People — Global Challenges

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 02 40	84 159 172				88 367 130	
<i>Difference</i>	+ 4 207 958					

Justification:

Investment in human development is necessary as the US withdrawal from foreign aid will impact in particular healthcare, the control and prevention of diseases, and education, with women and children suffering disproportionately. This amendment of 5% above the DB intends to enhance investments in human development, in particular health and education.

The NDICI instrument was underfunded since the start of the MFF 2021-2027, creating a gap between EU's bold ambitions on the global stage and the resources available to achieve them.

Amendment DEVE/20

Tabled by Małgorzata Gosiewska, Mariusz Kamiński

SECTION III – HEADING 6

Budget line 14 02 02 40 – People - Global Challenges

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 02 40	84 159 172				88 367 130	
<i>Difference</i>	+ 4 207 958					

Justification:

Uncontrolled migratory flows toward the EU borders often result in dangerous and illegal journeys, with many lives tragically lost along the way. Addressing these issues requires a comprehensive approach with both internal and external dimensions. Therefore, the EU external action spending should be more targeted to reduce the drivers of forced displacement and the root causes of migration to the EU by improving cooperation with third countries on readmissions, border management and providing protection to Internally Displaced Persons (IDPs) in conflict-affected regions.

Amendment DEVE/21

Tabled by György Hölvényi

SECTION III – HEADING 6

Budget line 14 02 02 40 – People — Global Challenges

Type of amendment (EP note): Remarks

Remarks:

Amend as follows

This appropriation is intended to cover actions of the Global Challenges thematic programmes, corresponding to the areas of interventions specified in the NDICI — Global Europe, including the following: health, education, gender equality and women’s and girls’ empowerment, children and youth, stem migration flows, and tackle forced displacement, support access to decent work, social protection and facilitate return and readmission.

Justification:

Due to increasing number of conflicts and displacement the allocations under the line require to take more attention to this issue. Conflicts and displacement continues to disproportionately affect women and girls.

Amendment DEVE/22

Tabled by Carla Tavares; Udo Bullmann; Charles Goerens, rapporteur; Erik Marquardt

SECTION III – HEADING 6

Budget line 14 02 02 40 – Planet - Global Challenges

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 02 40	110 769 492				115 000 000	
<i>Difference</i>	<i>+ 4 230 508</i>					

Justification:

The additional allocation should support countries in crisis, fragility, and vulnerability—particularly least developed countries (LDCs)—in adapting to climate change, which disproportionately affects them. This aligns with the objectives of the Planet - Global Challenges budget line under the MFF, which aims to address global environmental and societal challenges through targeted funding and resilience-building measures

Amendment DEVE/23

Tabled by Niels Geuking; Lukas Mandl; Hildegard Bentele; Charles Goerens, rapporteur

SECTION III – HEADING 6

Budget line 14 02 02 42 – Prosperity - Global Challenges

Type of amendment (EP note): Above DB (CA)

Appropriations (EUR):

	Draft Budget		Council Position		New EP amount	
	Commitments	Payments	Commitments	Payments	Commitments	Payments
14 02 02 42	82 041 000				86 143 050	
<i>Difference</i>	<i>+ 4 102 050</i>					

Justification:

The programs under this pillar tackle root causes of poverty, instability and irregular migration by supporting vocational training, jobs, private sector growth and economic integration. Yet, funding has dropped since 2021, threatening long-term resilience, the EU's strategy for sustainable partnerships, and key initiatives like Global Gateway. This amount, which is only 5% above the draft budget, is only a small contribution compared to the total amount actually required and the amount that was still available in 2021.

Remarks:

Add the following

This appropriation is intended to contribute to address the global learning crisis, in particular by facilitating partnership with local organisations, including churches and faith-based organisations, providing access to quality education and training, as a human right.

Justification:

UNESCO estimations of 2025 are indicating increasing education financial gap. Resolution of the European Parliament on EU development cooperation to enhance access to education and training in developing countries that called the Commission to facilitate cooperation with local non-governmental actors, including Faith Based Organisation providing quality education and training. Appropriations can be established by rechanneling 15% appropriations for Civil Society Organisations and 15% of appropriations for Fundamental rights and freedoms — Human Rights and Democracy.

14 03 01	1 833 505 988				1 925 181 287	
<i>Difference</i>	<i>+ 91 675 299</i>					

Justification:

Humanitarian crises will continue to increase in 2026 due to conflicts and extreme weather events menacing also European security and stability. To face most pressing needs and safeguard systems put in place to respond to crises, the humanitarian budget requires a solid baseline rather than relying on ad hoc solutions. EU Humanitarian budget needs in 2026 are expected to surpass EUR 2,4 billion commensurate with the budgets implemented in previous years. This amendment is 5% above the DB. The Emergency Aid Reserve should be mobilised entirely for humanitarian needs in third countries.

Remarks:

Add the following

10 % of appropriations must support education in emergencies.

Justification:

In line with the EU's long-standing commitment to support education in emergencies, and in response to the increasing length, complexity, and recurrence of humanitarian crises, the need to prioritize and sustain educational support in these settings has become more critical than ever. Education not only provides continuity, protection, and psychosocial stability for children affected by conflict and displacement, but also lays the groundwork for long-term recovery and resilience.
