Facilitating the financing of investments and reforms to boost European competitiveness and creating a Capital Markets Union (Draghi Report)
(2024/2116(INI))

Motion for a resolution**Paragraph 70***Motion for a resolution*

70. Notes **that** securitisation **can** contribute to financial integration by bridging bank lending and capital markets; considers that action aimed at revitalising securitisation should focus on streamlining the regulatory requirements for disclosure and on simple, transparent and standardised criteria; **rejects any proposal that would use securitisation to weaken the EU macroprudential framework and weaken its** financial stability;

Amendment

70. Notes **the review of the** securitisation **framework presented by the Commission on 17 June 2025, which could** contribute to financial integration by bridging bank lending and capital markets; considers that action aimed at revitalising securitisation should focus on streamlining the regulatory requirements for disclosure and on simple, transparent and standardised criteria **without hindering** financial stability;
