The same applies to the service of portfolio management, consisting of managing portfolios of financial instruments in accordance with mandates given by clients on a discretionary client-by-client basis and which are thus not designed and marketed the same way as products identified for certain target markets. The scope of financial products subject to Regulation (EU) 2019/2088 should be reassessed 60 months after the date of application of this Regulation, notably to analyse the potential inclusion of structured products. This would allow for analysing the market practices, as well as the costs and benefits of applying the
--	---	---	---

			categories' criteria and disclosures to structured products.
19a		<u>(7a) The standardised product categorisation and disclosure requirements introduced to Regulation (EU) 2019/2088 by this amending Regulation are designed primarily to protect retail investors and to enable them to meaningfully compare financial products. Retail investors do not have access to the alternative investment funds that are made available exclusively to professional investors. Therefore, it is proportionate to allow financial market participants creating such funds to choose not to comply with the requirements of Articles 6a, 7, 8 and 9. In such cases, the financial market participant</u>	

		<u>should indicate that choice and the reasons therefor.</u>	
19b		<u>(7b) The exclusion introduced by this amending Regulation of investment advice and portfolio management from the scope of Regulation (EU) 2019/2088 should not limit the ability of investment firms to offer and recommend other financial instruments that genuinely meet their clients' sustainability preferences. Investment firms should be allowed, when providing services under Directive 2014/65/EU, to treat financial instruments as defined in Annex I, Section C, of that Directive that incorporate environmental, social or governance criteria in a manner similar to products under</u>	

		<u>Regulation (EU) 2019/2088, ensuring that administrative exemptions do not restrict the availability of sustainable investment options. The naming and marketing of such financial products should be carried out in a manner that is fair, clear and not misleading.</u>	
20	(8) The definition in Article 2, point (17), of Regulation (EU) 2019/2088 of sustainable investment has generated a considerable number of practical implementation challenges and concerns, queries to supervisors about interpretation and their expectations, and wide divergence in practical application. Financial products that claim that they invest in or combine financial products that are categorised as sustainability-related financial products shall be deemed to be compliant with the requirements of Articles 7, 8 or 9 if they meet the 70% threshold of investments referred to in paragraph 1 point (a) of those Articles by way of investments in categorised products or make other

	requirements of Articles 7, 8 or 9, and comply with the exclusions in Articles 7(1), 8(1) or 9(1).	<u>underlying portfolio of</u> categorised products, <u>disclosed under</u> <u>paragraph 3, point (c)(ii), of those Articles</u> or other investments that meet the requirements of Articles 7, 8 or 9, and comply with the exclusions in Articles 7(1), 8(1) or 9(1).	investments that meet the requirements of Articles 7, 8 or 9, and comply with the exclusions in Articles 7(1), 8(1) or 9(1). shall be deemed to be in sustainability-related financial products if:
220 a			(a) they meet the 70% threshold of investments referred to in paragraph 1, first subparagraph, point (a) of Articles 7, 8 or 9 by way of investments in sustainability-related financial products or other investments that meet the requirements of those Articles; and
220 b			(b) they comply with the respective exclusions in Articles 7(1), 8(1) or 9(1) for their entire portfolio.
220 c			For the purposes of the first subparagraph, other investments that meet the requirements of Articles

			7, 8 or 9 may include investment options offered as part of a PRIIP as referred to in Article 10 of Commission Delegated Regulation (EU) 2017/653.
220 d			The categorisation of financial products referred to in the first subparagraph under either Article 7, 8 or 9 shall be determined by the applicable choice of investments as follows:
220 e			(a) financial products investing in or combining financial products categorised in accordance with Article 9 with investments referred to in Article 9, shall be considered sustainability-related financial products under Article 9(1);
220 f			(b) financial products investing in or combining financial products categorised in accordance with Article 7 with investments referred to in

			Article 7 or combining such investments with investments in financial products categorised in accordance with Article 9 or other investments referred to in Article 9, shall be considered sustainability-related financial products under Article 7(1);
220 g			(c) financial products investing in or combining financial products categorised in accordance with Article 8 with investments referred to in Article 8 or combining such investments with investments in categorised products in accordance with Articles 7 or 9 or other investments referred to in Articles 7 or 9, shall be considered sustainability-related financial products under Article 8(1).
220 h			Financial market participants shall ensure that the claims associated with financial products

			referred to in the first subparagraph align with their categorisation according to this paragraph.
221	For the purposes of assessing eligibility for a category as referred to in Articles 7 to 9, financial market participants may rely on the information disclosed in relation to their investments in, or exposure to, financial products categorised in accordance with those Articles.	For the purposes of assessing eligibility for a category as referred to in Articles 7 to 9, financial market participants may rely on the information disclosed in relation to their investments in, or exposure to, financial products categorised in accordance with those Articles.	For the purposes of assessing eligibility for a category as referred to in Articles 7 to 9, financial market participants may rely on the information disclosed in relation to their investments in, or exposure to, financial products categorised in accordance with those Articles.
222	2. For non-categorised financial products that claim that they invest in, are exposed to or are constituted of two or more underlying financial products as referred to in Articles 7, 8 and 9, the information to be disclosed pursuant to Article 6(3) shall include:	2. For non-categorised financial products <u>referred to in Article 2(12), points (c), (d), (e) and (g),</u> that claim <u>under Article 6a(1)</u> that they invest in, are exposed to or are constituted of two or more <u>underlying sustainability -related</u> financial products as referred to in Articles 7, 8 and 9 or	2. For non-categorised financial products that claim that they invest in, are exposed to or are constituted of two or more <u>underlying</u> referred to in Article 2(12), points (c), (d), (e) and (g), non-categorised financial products referred to in Article 2(12), point (b) that are funds of funds as referred to in Articles 7, 8

		<u>make other investments that meet the requirements of Article 7(2), 8(2), or 9(2)</u>, the information to be disclosed pursuant to Article 6(3) shall include:	and 9Article 7(3)(a) of Directive (EU) 2011/61 and non-categorised financial products referred to in Article 2(12), point (f) with a fund of funds structure as referred to in Article 78(7)(b)(iii) of Directive (EU) 2009/65, that claim under Article 6a(1) that they invest in sustainability-related financial products or make other investments that meet the requirements of Article 7(2), 8(2) or 9(2), the information to be disclosed pursuant to Article 6(3) shall include:
223	(a) the composition of the financial product in terms of the relative share of the underlying financial products referred to in Articles 7, 8 and 9;	(a) the composition of the <u>non-categorised</u> financial product in terms of the relative share of the underlying <u>sustainability-related portfolio of</u> financial products referred to <u>disclosed under paragraph 3, point (c)(ii), of</u> Articles 7, 8 and 9 <u>and other</u>	(a) the composition of the non-categorised financial product in terms of the relative share of the underlying sustainability-related financial products referred to in and other investments that meet the requirements of Articles 7, 8 and 9;

		<u><i>investments that meet the requirements referred to in those Articles;</i></u>	
224	(b) the share of the financial product to which point (a) does not apply;	(b) the share of the <u><i>non-categorised</i></u> financial product to which point (a) does not apply;	(b) the share of the non-categorised financial product to which point (a) does not apply;
225	(c) the objective, strategy and applicability of any exclusions applicable to the share of the product referred to in point (b) of this subparagraph.	(c) the objective, strategy and applicability of any exclusions applicable to the share of the product referred to in point (b) of this subparagraph.	(c) the objective, strategy and applicability of any exclusions applicable to the share of the product referred to in point (b) of this subparagraph.
225 a		<u><i>For the purposes of the first subparagraph of this paragraph, other investments that meet the requirements of Articles 7, 8 or 9 of this Regulation may include investment options offered as part of a PRIIP as referred to in Article 10 of Commission Delegated Regulation (EU) 2017/653.</i></u>	For the purposes of the first subparagraph, other investments that meet the requirements of Articles 7, 8 or 9 may include investment options offered as part of a PRIIP as referred to in Article 10 of Commission Delegated Regulation (EU) 2017/653.

225 b		<u>For PRIIPs offering investment options, the information to be disclosed pursuant to the first subparagraph shall also include:</u>	For PRIIPs offering investment options, the information to be disclosed pursuant to the first subparagraph shall also include: (a) a list of the investment options available, including the indication of their relevant category or non-categorisation where applicable; (b) for each investment option that is a sustainability-related financial product, or other investments that meet the requirements of Articles 7(2), 8(2) or 9(2), the information referred to in Article 7(3), Article 8(3), Article 9(3) and Article 7(4) where applicable.
225 c		<u>(a) a list of the investment options available on the multi-option product, including the indication of their relevant category or non-</u>	

		<u>categorisation where applicable;</u>	
225 d		<u>(b) for each investment option that is a sustainability-related financial product, or other investments that meet the requirements of Articles 7(2), 8(2) or 9(2), the information referred to in Article 7(3), Article 8(3), Article 9(3) and Article 7(4) where applicable.</u>	
226	For the purposes of the first subparagraph, financial market participants may rely on the information referred to in Article 7(3), Article 8(3) and Article 9(3).	For the purposes of the first subparagraph, financial market participants may rely on the information referred to in Article 7(3), Article 8(3) and Article 9(3).	For the purposes of the first subparagraph, financial market participants may rely on the information referred to in Article 7(3), Article Articles 7(3), 8(3) and Article 9(3).
226 a		<u>Where the information about those investment options referred to in the fourth subparagraph, point (b), of this paragraph cannot be disclosed pursuant to Article 6(3)</u>	Where the information about the investment options referred to in point (b) of the fourth subparagraph cannot be disclosed pursuant to Article 6(3) in a single and concise manner consistent

		<u>in a single and concise manner consistent with the 10 % limit referred to in Article 6a(1), that information may be disclosed in the form of references or weblinks to the respective documentation where that information can be found.</u>	with the 10% limit referred to in Article 6a(1), this information may be disclosed by form of references or weblinks to the respective documentation where that information can be found.
227	3. Where financial market participants are provided with portfolio management services by entities authorised therefor in accordance with either Directives 2009/65/EC, 2009/138/EC, 2011/61/EU, 2013/36/EU, 2014/65/EU or Directive (EU) 2016/2341, they may rely on the information provided by those entities.;	3.
